Our Convictions

Vision

To work toward a safe and sustainable future, contributing to the global effort of providing sustenance for a growing population.

Mission

To use our know-how and global reach to bring the right product to the right location, at the right time.

Purpose

To create fair and sustainable value, for the benefit of current and future generations.

Our Business Lines

Grains

Palm Oil

Coffee

Sugar

Food and Feed Solutions

Our growing presence

We continue to significantly grow with the expansion of our investment in assets ownership and diversified business lines across Indonesia.

Supporting Local Communities

To support the welfare of local communities, and to protect and preserve our natural surroundings, LDC employees participate in various activities in Lampung, Balikpapan and Jakarta such as:

- Staple food donations
- Natural disaster relief aid
- Mangrove planting
- Supporting disabled athletes
- Workshop and check-ups for children at schools
- And many more

Committed to Sustainability

We take action to future-proof food and agricultural production systems, addressing environmental, social and governance issues, while collaborating with a range of stakeholders, from farmers to customers, to drive sustainable practices.

Stronger Coffee Initiative

The Stronger Coffee Initiative transforms coffee communities, restores soil health and reduces climate change through coalition-led investments that support sustainable practices.

RSPAdvanced

Gender and youth inclusive low carbon coffee

In collaboration with LDF and NGO We The Teachers, LDC facilitated the sharing of coffee industry knowledge, sustainable farming practices and financial literacy skills by subject experts with 90 high school students from coffee farming families in West Lampung. The project greatly improved the participants' understanding of the farming trade and inspired many to become modern, successful coffee farmers.

Palm Sustainability

LDC's palm oil operations are guided by the Palm Sustainability Policy and a comprehensive monitoring and grievance system. Our partnership with several organizations including the Daemeter Consulting, Earthqualizer Foundation, and Satelligence B.V. have helped us to deliver rapid progress in the implementation of our No Deforestation, No Peat, No Exploitation (NDPE) commitment, and with SNV on our Smallholder Inclusion activity.

Close to **100% traceability** for palm oil managed

Capacity-building and training for **1,000 palm oil farmers**
